

3rd International Scientific and Technical Conference

“PROBLEMS OF ENGINEERING SAFETY OF ANTROPOGENIC OBJECTS ”

19-20 September 2019 Warsaw, Poland

The subject of the Conference will be the theoretical and practical problems of safety engineering in the technical, economic, legal and organizational field occurring in the processes of designing, making and exploiting anthropogenic objects enabling the realization of various human needs.

The aim of the Conference is to present :

- practical aspects of the engineering theory of object security;
- the methods used to design, execute and operate facilities that take into account safety requirements;
- directions of development of technology for creating safe objects;
- methods of technical safety diagnostics of objects used in the process of their design, construction and operation;
- issues of object safety in legal regulations as well as the needs and directions of their amendment;
- economic aspects of safety engineering of anthropogenic objects.

The Conference will be held in Warsaw, Poland, in the building of the Supreme Technical Organization (NOT) 3/5 Czackiego street and Institute of Heat Engineering 21/25 Nowowiejska street. About 250-300 participants representing universities, research centers and companies related to security issues will take part in the conference. As part of the Conference, problem reports are ordered by the organizers and selected reports submitted by the participants will be presented. These selected reports, after evaluation by the reviewers, will be published in the international scientific monograph.

We would also like to inform you that the function of the Chairman of the Scientific Committee has been taken by his Magnificence Rector of the Warsaw University of Technology prof. dr hab. Eng. Jan Szmidt. The Honorary Committee consists of 19 rectors of Technical Universities from all over Poland.

Timetable:

- Until 31.05.2019 - registration of applications and submissions of abstracts in Polish and English containing the names and surnames of the authors, place of employment, title of the paper and content not exceeding the volume of one page A4 by e-mail to the address: owsimp_konferencja@wp.pl
- By 07.06.2019 - notification of the authors about the acceptance of the report and submission of editorial requirements.
- By 30.06.2019 - sending the full text of the paper by the authors and payment for participation in the Conference.
- Up to 15.07.2019 - final qualification of papers, establishing a detailed program of the Conference.

Conference cost: 550 zł (PLN) includes

- the cost of participation of a two-day Conference (includes conference materials, participation in 2-day conference sessions, dinner),
 - publication of one article in the reviewed scientific monograph,
 - participation in the ceremonial Gala on 19/09/2019.

Fees for participation in the conference should be made until 31.07.2019 at the organizer's address:

OW SIMP

ul. Czackiego 3/5, 00 - 043 Warsaw

Account number 41 1020 1156 0000 7002 0007 5135

with the note "3rd Scientific and Technical Conference" and giving the participant's personal data (name and surname) and data to issue a VAT invoice (name and address of the institution, TIN).

Please be welcome to participate!
